## **Collections & Skip Tracing**

### **California Debts under \$10,000**

**My name is James F. Polk, and I am a California Private Debt Collector. I do Skip Tracing for \$50 and if you want me to collect for you, I add a 50% collections invoice to the original debt and begin collecting within the limits of California and Federal Law. I will negotiate payments and/or a settlement within the limits you designate. I also have resources to help you file your own small claims file and to help you enforce your judgment.**
